1. What does it mean to 'do science'?

to 'do science' means to do it?

2. What do scientists do?

Scientists ask questions, make theories, and try to answer their questions.

3. What are your thoughts/feelings about science?

I like to do science, but I mostly like to see, feel, hear and maybe test. Sometimes I write my experiences and share with others.

4. When you think about a scientist, what image comes to your mind?

I picture a scientist with glasses, a lab coat, he/she is super smart and knows almost everything.

5. Do you think you can do science? Explain your answer.

I think I can do science because I think I'm smart, I wear glasses, and I can ask pretty good questions. I can make theories and I can answer my questions.

5 Wow!

Comment: "I loved Melissa Miller coming  
to talk and see what we learned.  
I was blown away to see that  
so many things are harming the sea  
otters and it's not just them  
that are being harmed; other animals too!!"
