

Dear Chris,

3-18-13

I am Simon's friend. Simon needed help because he has other letters to do. I read your book on the skunk. I liked your drawing on pluto and the coyote from doomy tunes. I also like to eat fruits and vegetables. Now I am ready to answer your questions.

- ① It stays in the savanna areas.
- ② It has 1-3 babies at a time.

Nice book ☺

Sincerely,
Elsy.
